**Houston Pilots** 

Above normal temperatures are expected this week with very dry weather as well.

Overall we remain slightly warmer here vs normal in week 2, continuing to be drier as well. Cooler shots of air will be possible behind storm systems that push primarily to the north.

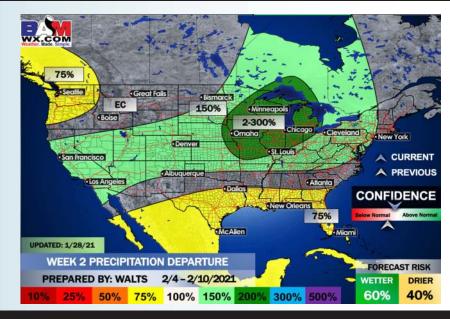

The overall pattern looks to persist for the weeks <sup>3</sup>/<sub>4</sub> timeframe as well. Drier and warmer conditions expected. BAMCast Average Temperature Anomaly [°F] 7-DAY AVG for Fri 29JAN2021 thru Thu 04FEB2021 Days 1 to 1
