IMPORTANT FORECAST NOTES (as of 8:00 AM ET, 4/22/2023):

- ✓ Rain chances will be possible in multiple rounds throughout the day today. The first round of the rain will be between 8:15 - 9:45 AM. The app may be a tad underdone as 0.1 - 0.2" of rainfall will be possible during this timeframe.
- ✓ During the late morning/afternoon, scattered mist/light rain will be possible, with better chances for thunderstorms between 5 - 6 PM. Your app once again is underdone with totals as 0.1 - 0.25" will be possible with this afternoon/early evening round of rain.
- ✓ Beyond 6 PM and throughout the game, lower confidence remains on exact timing and totals with rain. These rain chances during the evening hours will be scattered and will not be a persistent rain.
