FOR OUTDOOR EVENT SOLUTIONS

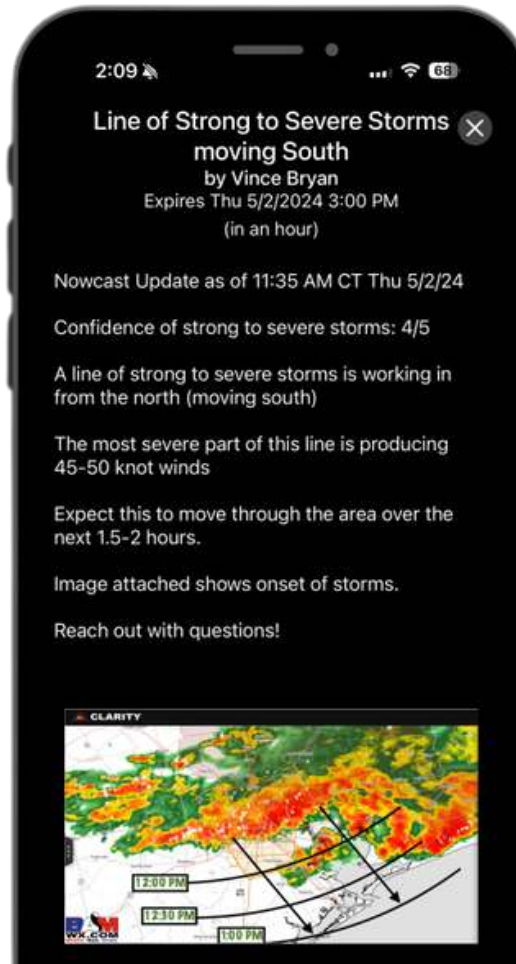

BY BAMWX

About Us

Finally! A weather forecast that closes the gap between automated weather data and human driven weather forecasts.

We are committed to giving you the best weather information that will help you make the best decisions.

The Benefits of Clarity

- 01**  Keeps your patrons and staff safe.
- 02**  Helps you confidently make decisions.
- 03**  Ensures you have peace of mind.

Trusted by the Best

Everyone in the organization asks us what the weather is because they know BAM will always be right above their free apps.

The biggest thing that separates this service from others is that the meteorologists always reply within 90 seconds. That's huge because we'll be looking to make a decision within minutes and we have to know fast--with BAM Weather, we always do.
