

CLARITY WX

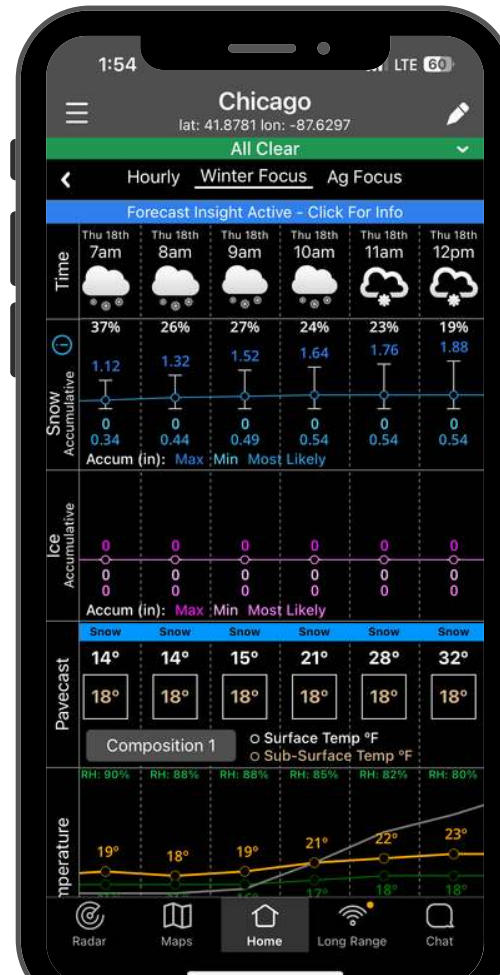

FOR SNOW REMOVAL SOLUTIONS

About Us

Finally! A weather forecast that closes the gap between automated weather data and human driven weather forecasts.

We are committed to giving you the best weather information that will help you make the best decisions.

The Benefits of Clarity

01  Keeps you updated days to weeks in advance.

02  Helps you confidently make decisions.

03  Saves you time and money.

Trusted by the Best

We base all of our weather related work solely on what BAM WX is saying. It has helped save my company untold amounts of money in just bringing labor in or having them stay home for the day.

This past winter, we had snow pop up out of nowhere late one night and we were awakened by the alerts and ended up being some of the only contractors out having clear lots and walkways for business opening times. It made us look real good!

Craig Thompson

Owner/CEO

All Terrain Landscape and Snow Management

Features for You

Our tools are customizable to help you understand the forecast for your specific needs.

PAVECAST

See surface and sub-surface temperatures for multiple different pavement types to help determine your treatment plan.

OBSERVED SNOWFALL

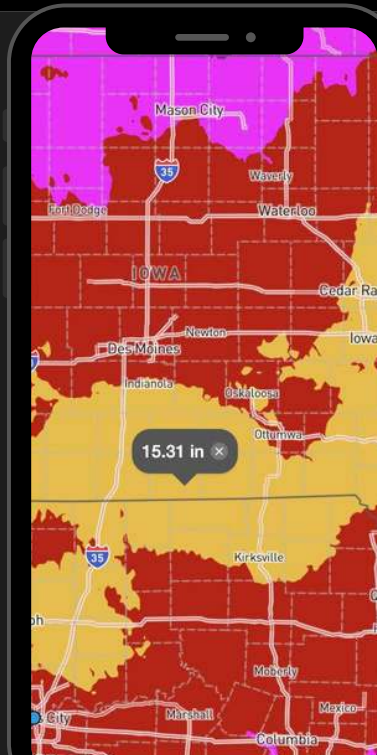

See how much snow has fallen over a specific period for a certain area!

NOWCASTS

Get up-to-date forecasts of impending weather so YOU can proactively plan.

24/7 CHAT WITH METEOROLOGISTS

We are here to answer your questions, day and night.
