

# PITTSBURGH PIRATES

Friday, July 25, 2025

1:15 PM ET Weather Forecast

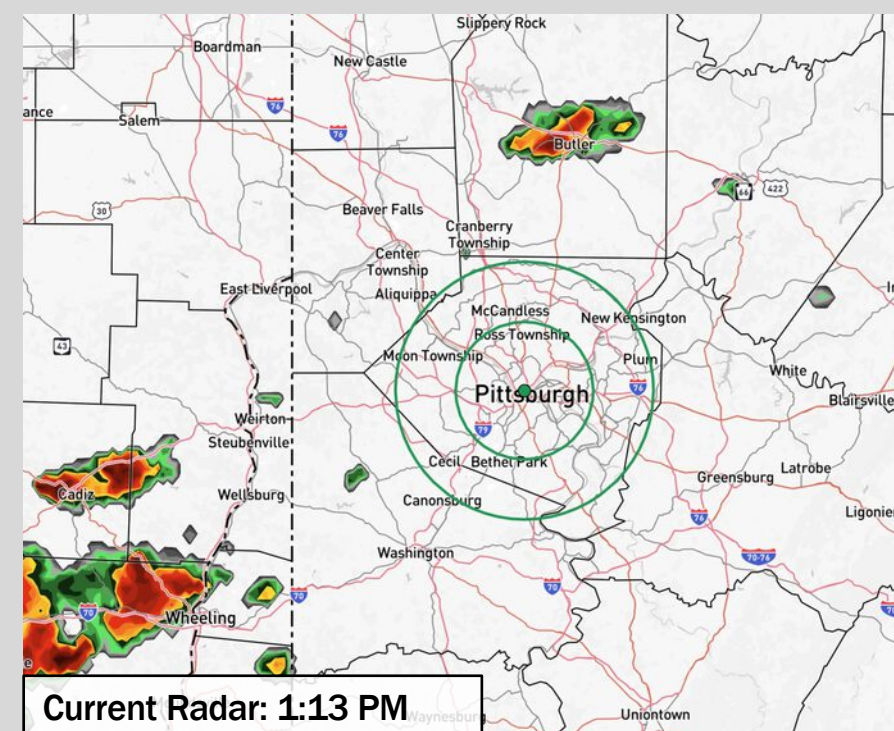

## HOUR BY HOUR FORECAST:

## Hazardous Weather Alerts:

All Clear

## IMPORTANT FORECAST NOTES

From 1:20PM through 3PM, chances will increase for pop up downpours as activity builds out west, with 3PM – 8PM holding the greatest potential before chances taper off. A few isolated downpours possible through the overnight.

Lightning / gusts of 50mph possible under strong storms through 8PM. Temperatures will be in the mid 80s for first pitch and will decrease into the lower 80s by the end of the game.

Winds will be mostly from W through the afternoon at ~4-8mph.

## Dew Forecast

Dew is likely SAT AM due to recent rainfall / wet grass.
