## HOUR BY HOUR FORECAST:

## HAZARDOUS WEATHER ALERTS

No Current Alerts

Current Radar: 1:50 PM ET

## IMPORTANT FORECAST NOTES

- ✓ Favoring off/on pockets of drizzle through 4:30PM. Not favoring more than 0.01 of actual rainfall.
- ✓ From 4:30PM through 7PM, scattered pockets of showers and a few downpours will be possible. Drier air will help limit the downpour coverage, but totals of 0.1"-0.3" will be possible.
- ✓ From 7PM - 11PM, we are favoring hit/miss pockets of drizzle and light rain. Totals to remain less than 0.05" during this period.
- ✓ From 11PM - 4AM, we can gradually see more light rain vs drizzle push into the area, with widespread showers/storms arriving after 4AM.

## DEW FORECAST

Wet grounds likely Sunday AM from overnight rains.
